Ballot Text

"Should the Town Board of the Town of Harrison adopt the Lincoln County Zoning Ordinance to govern land use and zoning development within the town?"

◯ YES

◯ NO

Explanation

The Town Board of Corning is conducting an advisory referendum to gather voter input on whether the Town of Corning should appoint their clerk instead of electing a town clerk.

- A **"YES" vote** indicates that you favor having the Town of Harrison adopt the Lincoln County Zoning Ordinance. Under county zoning, future commercial, residential, agricultural, and industrial land uses, building setbacks, and property developments within the Town would be subject to Lincoln County zoning permits and regulations.
- A **"NO" vote** indicates that you prefer the Town of Harrison to remain unzone for general land use, maintaining current town-level development oversight without adopting the county's general zoning framework.

This referendum is advisory only. The results provide formal guidance t the Town Board of Harrison regarding community preference but do not automatically enact or reject county zoning. Final authority to adopt or decline county zoning reses with the Town Board.

Note: *Lincoln County Shoreland Zoning regulations apply county-wide near lakes and rivers regardless of this outcome.*

Done in the City of Merrill on this 21st day of August, 2026.
